**This Business Analysis (BA) Guide is intended to be an introduction and simple tutorial on the DAS IT Business Analysis Process. This guide is divided into the following sections:**

1. [Introduction - mission, goals, guiding principles, roles and responsibilities](#)
2. [Key Deliverables - Explanation of key BA artifacts and where they fit in the DAS-ITE SDLC](#)
3. [Process Definition - A detailed look into the BA process.](#)
